

Introducing the newest addition to BELD Broadband

We're rolling out our new VOD
(Video On Demand) system powered by
TiVo, VU-IT!, delivering a robust new
interactive menu with more video
content than before, plus the ability
to stream popular online services
right from your cable box.

Powered by

BROADBAND **BELD**

A new system means new equipment. Our existing VOD system will be discontinued November 30, so you'll need an upgraded cable box to access this content.

Call 781.348.BELD today to get your new box and remote

+ more

Powered by

Minimum 20 Mbps BELD Broadband Internet with a BELD modem and Expanded Basic Cable service required. DVR service currently unavailable on this equipment. Subscriptions required for content from HBO GO, Netflix, Hulu and other streaming providers (available separately). Equipment, installation, taxes and fees extra. Other restrictions may apply.
